

Tame your Accounts Payable Process

Introducing *eCabinet*[™], from Ricoh Silicon Valley, Inc.

eCabinet is an intelligent electronic file cabinet for POs, invoices, shipping and packing receipts...so you can find and process them without leaving your desk.

The first affordable, practical solution for the Accounts Payable process, *eCabinet*:

- **Reduces Document Retrieval Hassles**
Find what you need in seconds using a standard Web browser.
- **Protects Valuable Assets**
Never misfile or lose another document again...they're on *eCabinet*!
- **Simplifies Document Management**
eCabinet "reads" your documents, indexing each word for easy, content-based retrieval.

eCabinet dramatically reduces the amount of time and money involved in managing Accounts Payable documents, so even a 5-person A/P staff that spends just 20% of their time filing can save over \$37,000 per year using *eCabinet*.

How much will eCabinet save you? Visit the *eCabinet* website at www.rsv.ricoh.com/workflow or contact Ron Marechek at ISS today (973-256-9036 / RMarechek@issltd.com) for a free, no obligation 20-minute Workflow Analysis for *your* office.

Get your Accounts Payable process streamlined with *eCabinet*.
